and offering them certification courses such as CCNA (Cisco Certified Network Associate) and CCNP (Cisco Certified Network Professional). The courses are offered based on skill and eligibility level free of cost.

- Cybersecurity ecosystem

The Data Security Council of India has forecast that the cybersecurity ecosystem will expand up to a point where nearly one million professionals will be required by 2025. Additionally, the demand for cloud security skills is estimated to grow by 115% between 2020 and 2025, representing almost 20,000 job openings, Narayan added.
